

Dear fans,

We are delighted to announce you the official birth of the Tamburini Corse, a company specialized in refined design and high level with regards to motorcycles and fashion clothing.

It is the result of Andrea Tamburini's talent and passion who inherits from his father, Massimo, master in motorcycles design and style and furthermore creator of precious bike such us the Ducati 916, the MV Agusta Brutale and the outmost famous F4. He also inherits the great love and precision concerning every single detail.

He applies his genetic determination on everything he creates by perfecting also what appears to be perfect.

Everything realized under his name, from the footrest kit to the leather jacket, must be produced with maniacal precision and with materials of the highest quality.

He has created a complete collection of products with extreme attention, creativity and ability. The full range includes special and racing parts, fashion clothing and, above all, the redefining of bikes actually on the market, first of all, the Brutale restyling that will be shown during the Tamburini Corse opening (the 6th and 7th of November) . All his range is dedicated to customers who are demanding and attentive observes on details and nonetheless who love reaching excellence and elegance, without renouncing at comfort and safety.

We suggest you to visit our website www.tamburinicorse.com, that will be on line soon, where you will find the complete range of our products with pictures and prices, as well as news and opinions from our fans. In addition we would be glad if you could give us your opinion and/or suggestions on our new creations.

It would be a pleasure for us to host you in our head office in San Marino.

We are looking forward to hear from you soon

Best regards

Andrea Tamburini
